Section 1 - Introduction

This directory provides a list of Astiva Health's providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

Use this directory to find Astiva Health's network providers for your health care needs. Network providers are the doctors and other health care professionals, ancillary providers and hospitals that have an agreement with Astiva Health to accept our payment and any cost sharing as payment in full.

You will have to choose one of our plan providers that is listed in this directory to be your Primary Care Provider (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Your PCP is a physician who meets State requirements and is trained to provide your primary health care needs. Your PCP will provide most of your health care and will help arrange or coordinate covered services. This includes, but is not limited, to x-rays, laboratory tests, therapy, specialty care, hospital admissions, and follow up care.

With limited exceptions, it is important to know which providers are within our contracted network because while you are a member of our plan you must use network providers to obtain your health care needs. The only exceptions are emergencies, urgently needed care, out-of-area dialysis services, and cases in which Astiva Health authorizes use to out of network providers.

The network providers listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory; however, some services may require a referral. Your care is directed by your PCP and they may not admit to all network hospitals or skilled nursing facilities, or they may not refer to all network providers. Always confirm the participation status of the physicians, ancillary providers and hospitals before receiving services. If there are specific hospitals, skilled nursing facilities or other providers you would like to access, please call Astiva Health's Member Services to determine your physician's network affiliation.

You must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor Astiva Health will be responsible for the costs. Astiva Health's network includes providers associated with Independent Practice Associations (IPAs) and Medical Groups. An IPA is a group of physicians under contract to provide services to members. If you select a doctor that belongs to an IPA or Medical Group as your PCP, you are required to only use doctors that belong to that IPA or Medical Group for care. Additionally, you may need to obtain prior authorization for care from the IPA or Medical Group instead of from Astiva Health.

If you receive a bill from an out-of-network provider that provided emergent or urgent care or out of area renal dialysis, do not pay the bill. Submit the bill to Astiva Health for review. Mail bills for covered health care services to:

Astiva Health

Attn: Member Services Department

765 The City Drive South, #200

Orange, CA 92868

If we decide that the health care service is not a covered benefit, we will not pay the bill. Instead, we will send you a letter that explains the reasons why we are not sending the payment you have requested and your rights to appeal the decision.

What is the service area for Astiva Health?

Our service area includes all zip codes within Orange, San Diego, Los Angeles, San Bernardino, and Riverside Counties.

How do you find Astiva Health providers in your area?
